Support Environmental Education at the Silent Auction

Mark February 24th on your calendar and bring a friend to the Annual Meeting and Silent Auction. All proceeds go to funding the club's support of environmental initiatives at local schools. Some of the items on which you can bid this year include: Presqu'ile Provincial Park annual pass; Squirrel Buster bird feeder; two 40 lb. bags of bird seed; Chris Lyon's famous bluebird nest boxes; a purple martin nest box; a dog lover's gift set from Pet Valu; many new field guides; homemade pie by Marilyn Waring; homemade cake by Marg Robinson; a birding tour led by Marg Bain; a birding tour led by Richard Pope; a botany tour led by Bill Crowley; a dinner for 4 hosted by the Whitney's; a number of interesting art pieces; and more.

President's Report: 2011 in Review

I find it hard to believe that 2 years have gone by since I stepped into the role of president. Twelve short years ago, new to the County, I did not even know WBFN existed. It was while she was banding bluebirds at nest boxes in our yard, that Elizabeth Kellogg encouraged me to join the club. I did that in 2001, joined the executive committee in 2002, and so an interesting journey of discovery began.

It has been a busy year, with the executive board addressing several issues on behalf of all members. My job was made easy with the selfless support and the wealth of knowledge of all board members and other volunteers. Without them the organization would cease to exist. As my term ends, I am confident that the members of the Board will continue the tradition of our WBFN founders in enjoying and helping preserve our local natural heritage, an important mandate in this climate of rapid technological changes, unbridled development and rabid consumption.

Members of the executive board met monthly from September to June (except December) to manage the affairs of the Club. I extend my sincere appreciation to the following board and committee members for their many hours of volunteer service devoted to the club's activities:

- Michael Biggar, Past President, Nominating Committee Chair
- Ben Walters, (retired December 2011) 1st Vice-president, Environmental Monitor
- Tim Tottenham, 2nd Vice-President, Press Coordinator with Jane Tottenham
- Karen Drew, Secretary, Education Coordinator
- Rae Waring, Treasurer
- Audrey Wilson, Director, Archive Committee
- Bill Newell, Director, Peter's Woods Boardwalk Build
- Petra Hartwig, Director, Peter's Woods

Stewardship Coordinator

- ohn Geale, Director, Communications Coordinator
- Gina Brouwer, Director
- Bruce Parker, Director, Webmaster, Archive Committee
- Deborah Panko, Ontario Nature Representative
- Trish Whitney, Meeting Coordinator
- Elizabeth Kellogg, Curlew Editor, Monthly Sightings Facilitator
- Norma Wallace, Curlew Co-editor
- Barry Robinson, Membership List and Curlew Circulation with Margaret Robinson
- Chris Drew, Peter's Woods Stewardship, Boardwalk Build
- Roger Frost, Bird Count Coordinator, Outings Committee Chair, Sightings Compiler
- Bill Crowley, Outings Committee, was until recently WBFN Member at large on NLT Board
- Bob Short, Outings Committee, WBFN Financial Reviewer (auditor)
- Marguerite Short, Monthly Raffle Coordinator
- Harry and Carol Knapper, Name Tag Committee

I wish to acknowledge the following members for their support:

- Margaret Bain, Waterfront Trail Committee
- Marilyn and Bob Harris, Lone Pine Marsh
- Clive Goodwin, Russell Lake, Terry Stopps, Cobourg Land Use Committee
- Clive Goodwin for his continuing work on the bird database
- John Geale, for his participation in the Bailie Birdathon with a percentage of the proceeds coming to WBFN
- Allison Elliott, 2012 WBFN Silent Auction Coordinator

I am also grateful for our generous donors in 2011, who gave from the heart, matching our income from memberships,

therefore providing critical funds to help us continue offering quality programs and awards; for the members who led outings or made presentations and those who attended the meetings and outings, your participation encourages us to keep going.

The following is a summary of the activities of the Board during the past year:

Administration, Programs, Stewardship:

- Requested an audit of the financial records and implemented recommendations from the audit report.
- Developed fiscally responsible Budget Guidelines.
- Developed and adopted Privacy policies.
- Established guidelines for speaker remuneration.
- Reviewed and amended Membership fees.
- Revised the WBFN Membership form.
- Revised the WBFN information pamphlet.
- Formed an Archive Committee devoted to reviewing WBFN records and developing archive policies.
- Revised the WBFN Scholarship Award application and the Education Awards application and process.
- Maintained and updated the WBFN website whose popularity is increasing thanks to our creative webmaster.
- Maintained communication with WBFN e-reminders and the e- version of the Curlew for members.
- Produced and circulated 7 issues of the Curlew publication.
- Approved the binding of 5 yrs of Curlew Newsletters into three books, one book each going to the Cobourg Public Library, the Port Hope Library and the WBFN archives.
- Held 7 indoor general meetings with informative speakers and fundraising raffles, with a Silent Auction to be held at the February 2012 AGM.
- Held 11 interesting outings including the President's Walk.

- Held two local Bird Counts – Christmas and Summer Bird Counts.
- Increased our visibility in the community with more frequent press releases and free radio announcements.
- Nominated 6 members for Ontario Volunteer Service Awards.
- Completed the building and installation of boardwalks for Peter's Woods Provincial Nature Reserve.
- Carried out Volunteer monitoring and maintenance of Peter's Woods Provincial Nature Reserve during the open season.

Education Awards and donations

- Awarded the \$1000.00 WBFN Scholarship to the successful applicant graduating from a local secondary school.
- Awarded \$250.00 to the Lawrie Lawson Education Centre
- Awarded \$250.00 to the Alderville Black Oak Savanna for the purchase of Bird Guides for the School Education Program

count.

Outreach and Advocacy

- Co-operated with Town of Cobourg in developing signage re: waterfowl feeding in Cobourg Harbour and gave financial support to produce a sign with the WBFN logo.
- Initiated discussion with the Town of Cobourg to develop appropriate landscaping and native plantings at the Cobourg Harbour west beach to separate the parking lot and the beach in an ongoing effort to discourage waterfowl feeding.
- Co-hosted the Ontario Nature AGM and 80th Anniversary Celebration June 2011 at the GRCA Education Centre with several members actively participating, having displays or leading outings and activities.
- Maintained representation on the Ontario Nature Network, Lake Ontario North Meeting Group, attending two Regional meetings
- Co-hosted the International Biodiversity Day event in the Northumberland Forest
- Continued representation on the Northumberland Forest Advisory Committee
- Nominated the County of Northumberland successfully for an Ontario Nature Award
- Maintained representation on the Northumberland Land Trust Board with a non-voting member at large and collaborated with the NLT education committee in planning their Lecture Series.
- Offered support to Alderville Black Oak Savanna, The Northumberland Land Trust by advertising and promoting their activities through our communications, website and the Curlew.
- Provided a Letter of Support for the Alderville Black Oak Savannah for the purposes of grant applications

- Participated in the OMB hearing on the Carr's Marsh rezoning and building permit approval, making a submission and presentation. Our input had a positive influence with the outcome of reducing the scope of the proposed site development and mandating site restoration and improvements.

Sent letters or comments on behalf of WBFN to:

- The Ontario Provincial and local electoral candidates in the October 6, 2011 election, regarding the Moraine Can't Wait Campaign asking for improved protection and enforcement of legislation to protect the Oak Ridges Moraine.
- The Ontario Ministry of the Environment expressing our concerns regarding the proposed Whispering Woods wind farm project in the Millbrook area.
- The Government of Ontario and Ministry of the Environment expressing our concerns and opposition to the development of a wind farm at Ostrander Point in Prince Edward County.
- The Government of Ontario encouraging the protection of Woodland Caribou Habitat under the Endangered Species Act.
- Signed the Ontario Nature Biodiversity Charter
- Circulated and signed the Snapping Turtle Petition to support the prohibition of snapping turtle hunting.

In closing I wish to thank Judy Grimshaw, Victoria Retirement Living, Cobourg, for providing accommodation and refreshments for executive board meetings. To show our appreciation, an outdoor bench was donated for the use and enjoyment of the residents.

Respectfully submitted,
Louise Schmidt, President

Willow Beach Field Naturalists' 2012 Nominating Committee Report

WBFN's Constitution provides that a Nominating Committee shall bring forward a slate of candidates for election at the Annual General Meeting. Birds on request!

For many years, Peter Whelan wrote his "BIRDS" column for the Globe and Mail. This item was included in his column date Saturday, May 2, 1998:

"Showing visitors an unusual number of a spectacular species on one's home turf is quadruply special. "Now, what bird do you want to see?" Audrey Wilson asked Helen and Spencer Inch of London, Ont., on April 1 as they approached the lighthouse at Presqu'ile Provincial Park, Ont. "Pileated Woodpecker," Mr. Inch said.

Almost immediately, the rattling call of that giant woodpecker rang out. Then three pileated woodpeckers flew in, fighting. "Two seemed to be squabbling over the other, as if someone was on someone else's territory", Ms. Wilson recalled. The spat went on for 10 minutes. All three woodpeckers were admired in the same telescope view as they perched low on a tree trunk. Three pileateds in a telescope, away from a family nest site, just might be a unique Canadian sighting."

Presqu'ile Waterfowl Viewing Weekend

March 17-18/2012, 10am to 4pm

Presqu'ile will once again be hosting a waterfowl viewing weekend, where nature enthusiasts can come and appreciate one of the great spectacles on earth – the return of migrating waterfowl to their staging areas along the lower Great Lakes. Presqu'ile is well situated to experience this phenomenon with close viewing and a good variety of species. Seeing 20 different species

of waterfowl in a day is not unusual and 25+ species are usually tallied during the season. During viewing weekend, volunteers with scopes are situated at key areas to help visitors find and ID the different species.

The Lighthouse Centre is the focal point for your visit. Ducky displays and children's activities are showcased and the Friends are there with hot drinks and snacks, and a BBQ from 11am onwards. The Friends' Gift Store is also open 10am to 4pm. A Bushnell representative will be on hand to answer your questions and show you the latest in optical equipment.

If you want to come learn about ducks this is a great opportunity. If you are interested in coming out and helping with duck ID or in the Visitor Centre with the children's activities I would be more than happy to hear from you. For more information on the event or on volunteering please contact David or Lisa at 613 475-4324 ext 225 or david.bree@ontario.ca.

Outing Report

Fifteen Willow Beach members led by Roger F went visiting the creatures who inhabit Northumberland Forest on Sunday, January 22nd.

The county roads were peaceful and sanded. On the trail opposite Woodland Road, chickadees flitted high up in the snow caked trees. No answer from the crossbills or purple finches but a raven was in the area. Only once in our travels did we hear the chainsaw roar of two ATV's filling the forest.

Stopping at Karen Drew's with her two children at home, we checked on the juncos and a lone American tree sparrow at the feeders. The gray partridge hadn't been seen for the past week but we appreciated Karen's hospitality ... and her facilities!

Driving past the Primrose Sanctuary on Bowmanton Road, we gave a nod to some of our personal donkey acquaintances, then a swoop of starlings over the wine fields of summer at Oak Heights. On our way to Burnley, a flock of at least 40 pine siskin darted about in the white spruce.

Three crocks of hot soup were waiting for us at Barry King's studio on Dunbar Road (one a sweet potato/carrot/ginger specialty of Elizabeth K's – secret ingredient peanut butter) plus Jane T's hearty bread and homemade cookies. Barry's intricately executed pen and ink/ watercolours express the beauty of many of the area's heritage buildings and bridges. His family has owned land here since the late 1800's.

Driving home down County Road 22 with the sun getting a little stronger, it felt good to be home in Northumberland.

- Deb Panko

Following an outing in the Northumberland Forest, WBFN members enjoy soup and art work at Barry King's Gallery.

Sweet Potato Soup

- 2 C. chopped onions
- 1 T. peanut or vegetable oil
- ½ tsp. cayenne or other ground dried chiles
- 1 tsp. grated peeled fresh ginger root
- 1 C. chopped carrots
- 2 C. chopped sweet potatoes (up to 1 C. white potatoes can be substituted)
- 3 C. vegetable stock or water (Chicken stock can also be used, if not serving to vegetarians.)
- 2 C. tomato juice or V-8
- 1 C. smooth peanut butter
- 1 T. sugar (optional)
- 1 C. chopped scallions or chives

Sauté onions in the oil. Stir in the cayenne and fresh ginger. Add carrots and sauté a few minutes. Mix in potatoes and stock, bring to a boil, simmer

for 15 minutes.

Purée veggies in blender with cooking liquid and tomato juice. Return purée to soup pot. stir in peanut butter until smooth. Taste and add sugar if desired. Reheat soup gently.

Add more water, stock or tomato juice for a thinner soup.

Serve topped with scallions or chives.

This soup freezes well, if the quantity is more than your household wants to eat at one time. It's especially good after a cold walk in the forest!

Red-breasted Merganser	28	301
Duck sp.	250	42

The 2012 Mid-winter Waterfowl Inventory was held on January 8, 2012.

The Presqu'ile portion was covered by two parties: Doug McRae and Sarah Petrasek in the eastern section; Nick Gromoff and Maureen Riggs in the western section. The Wicklow to Wesleyville portion was covered by three parties: Elizabeth Kellogg, Margaret Bain and Richard Pope covered from Wicklow to Monk's Cove; John and David Geale walked from Cobourg's west end to the mouth of the Ganaraska River in Port Hope; and Roger Frost, Katsu Sakuma, and Michael Biggar covered from Port Hope harbor to Wesleyville.

Two unusual species were seen:
1 Cackling Goose near Barcovan
1 male Barrow's Goldeneye off Presqu'ile lighthouse.

Generally, waterfowl numbers were low. In the Wicklow/Grafton section, there were duck hunters in two places, so that may have had a local effect on numbers.

Non-waterfowl highlights included:
1 Bald Eagle, an adult at Wesleyville
1 Peregrine Falcon, perched on a waterfront building in Port Hope
1 Snowy Owl at Cobourg Harbour
2 Snowy Owls in the Owen Pt./Gull Island area at Presqu'ile
1 White-crowned Sparrow west of Port Hope
